### UNLOCK THE POWER OF YOUR VOICE

The LDZ is an internationally recognized, eight-day transformational leadership experience for students, ages 16-17. Filled with twists and turns, they are challenged to create and manage a student-led government. During this process, they voice their opinions, present and defend their ideas, and build networks of support. In the LDZ game, delegates get to decide what ideas, ideals, and values are most important to communities of the future. LDZ is designed to spark in them the creative collaboration that inspires community change!

THE LDZ CHALLENGES YOU TO BELIEVE IN YOURSELF & YOUR COMMUNITY

For eight magical days, LDZ participants from throughout the Americas form a youth government that focuses on positive community change. Together, the cohort organizes a democratic system to write and review policies of the future. Whether it be running for election, building a network, or playing a leadership role, the LDZ challenges all students to collaborate with a diverse group of perspectives. Additionally, students grapple with issues of priorities, time management, and competing ideas. As each delegate is elected or appointed to a role – including senators, representatives, executive, and judicial branch members – learning to be an influencer becomes increasingly real and fun! The question is: how effectively can their leadership class organize and build consensus?
